7.3.2 Filtering

Appropriate filtering

No filtering system can be 100% effective; schools and colleges need to understand the coverage of their filtering system, any limitations it has, and mitigate accordingly to minimise harm and meet their statutory requirements as identified in KCSIE and the Prevent duty.

- **Newington Community Primary School's** education broadband connectivity is provided through Sota and **Newington Community Primary School** uses **Smoothwall filtering**.

- **Smoothwall** has signed up to Counter-Terrorism Internet Referral Unit list (CTIRU)
- **Smoothwall** is blocking access to illegal content including child sexual abuse material (CSAM).
- **Smoothwall** blocks access to sites which could promote or include harmful and/or inappropriate behaviour or material. This includes content which promotes discrimination or extremism, drugs/substance misuse, malware/hacking, gambling, piracy and copyright theft, pro-self-harm, eating disorder and/or suicide content, pornographic content, and violent material. **Please note this list is not exhaustive.**

We work with **Cantium Business Solutions (providers of Smoothwall filtering)** and our IT service providers/staff to ensure that our filtering policy is continually reviewed to reflect our needs and requirements.

- If there is failure in the software or abuse of the system, for example if pupils/students or staff accidentally or deliberately access, witness or suspect unsuitable material has been accessed, they are required to:

Close the lid of the device, turn off the screen (if separate from the device) and report it to a supervising adult who will in turn report the incident to the IT staff. If the incident is of a more serious safeguarding nature, this should be reported immediately to **Robyn Harrison (DSL) and Sy Bath** (IT Manager). In their absence it should be reported to another member of the Safeguarding Team (all of whom are trained DSLs) and recorded on CPOMS.

Filtering breaches will be reported to the DSL and technical staff and will be recorded and escalated as appropriate and in line with relevant policies, including our child protection, acceptable use, allegations against staff and behaviour policies.

Parents/carers will be informed of filtering breaches involving their child.

Any access to material believed to indicate a risk of significant harm, or that could be illegal, will be reported as soon as it is identified to the appropriate agencies, including but not limited to the [Internet Watch Foundation](#) (where there are concerns about child sexual abuse material), [Kent Police](#), [NCA-CEOP](#) or [Kent Integrated Children's Services](#).
